

TEDx Faurot Park

x = independently organized TED event

Premieres October 9, 2021

The first and only TEDx event in Lima, Ohio

What is TED?

TED is a global foundation devoted to Ideas Worth Spreading. It started out in 1984 as a conference bringing together people from three worlds: Technology, Entertainment, Design. Since then, its scope has become ever broader.

With its two annual conferences, the TED.com website, initiatives, and community projects, TED is now a platform and a global movement focused on meaningful change through the power of ideas.

At the center of the TED organization is the **TEDTalk**.

In 18 minutes or less, TED and TEDx speakers share their Idea Worth Spreading. It can be an idea to change the world, an idea to educate, or to inspire. TED and TEDx talks are recorded, edited, and uploaded to the TED website.

What is TEDx?

TEDx was created in the spirit of TED's mission: **Ideas Worth Spreading**. The program is designed to give communities, organizations, and individuals the opportunity to stimulate dialogue through TED-like experiences at the local level.

TEDx events spark deep conversation and connections. TEDx events are fully planned and coordinated independently on a community-by-community basis to inspire innovation, thought leadership, and visionary insight.

TEDx Organizers do not host events for political reasons, monetary reward, or personal gain. They do so because they truly believe in the power of ideas to change the world.
